Rates Consultation

I believe that consideration is being given to the possibility of a cap on future Rates. The figure of £400,000 cap on house value has been mentioned to me.

This would mean me and my wife being asked to pay about £2500 next year which I think is too high for the services - minimal - that we receive.

a cap of £300,000 would be more acceptable.

We have had two large increases in Rates in the last two years for no apparent reasons!

Yours faithfully
